The 2023 Launch Agreement supersedes both the March 3, 2022 Multi-Launch Agreement and the March 3, 2022 BlueBird 1 Launch Services Agreement between the parties.

The exact timing of the launch, which is expected to carry five Block 1 BlueBird satellites, is contingent on a number of factors, including satisfactory and timely completion of construction and testing and other factors, many of which are beyond the Company’s control.
